

# SOUL BLESSING & PRAYER TEMPLATE

*This template provides a structured format for acknowledging and blessing your Soul while offering prayers for yourself, your family and loved ones, and all Souls of the Earth. It's a powerful way to connect with your inner self and send positive intentions out into the world.*

## **Acknowledge and Bless Your Soul:**

- In the name I AM THAT I AM, in the name of the Divine Father, Divine Mother, Divine Child, and the Holy Spirit, I decree to my Soul (also known as your Ori or Guardian Ancestor Soul by the ancient Yoruba people):
- "My Soul, My Soul, My Soul that is good. My Soul that is pleasant. My Soul that has been with me since the time before time. God bless my Soul.
- "I did not think to pray to you, to commune with you, but now that I know about you and that you carry my ancient wisdom and unconditional love, I shall pray to you; I shall remember you each day and commune with you, this ancient part of me. My Soul that supports me. My Soul that listens to me. I come to you to commune."

## **Pray for Yourself:**

- *"My Soul, support me. Let me live long and in great health. Let me be full of vitality. Open me to acceptance and love and help my relationships to flourish. Remind me to be kind, and my heart to be filled with compassion towards myself and others.*
- *"Do not let me see problems in this lifetime. Continue to support me and help me through each day. Stay by my side, guide me, provide for me. My Soul, let me prosper. Open the doors to many opportunities."*

## **Pray for Your Family and Loved Ones:**

- *"Provide for my husband, my children, and all of my loved ones. Let the people in this world support me, and guide me. Do not let people look upon me with any anger.*
- *If someone is angry, then say: 'When [Name] looks upon me, let them not see me and be angry, let them see me with joy. Let my light continue to shine. My Soul supports me always.'*
